SCHOOLS' SKI
PERFORM BETTER CAMP
WINTER 2026

APEX2100

Apex International Ski Academy in Tignes, France, is a world-leading institution combining elite ski training with academic excellence.

As a French Private School and an IB World School, we cultivate high-performing athletes with outstanding character, focused on achieving excellence both on and off the slopes.

In addition to nurturing the next generation of alpine champions, Apex hosts Perform Better Camps for external schools. These specialised training camps, for skiing, rugby, netball and more, are designed around our vision and approach to improving performance.

The Perform Better Ski Camp provides a unique experience for skiers of all levels. Set at our purpose-built ski academy at 2100m, the camp helps refine technique, foster a love of skiing and teach valuable life skills. Sessions on performance topics including nutrition, brain fitness and recovery, can be organised to elevate the traditional school ski trip.

Apex is a home-away-from-home for schools, providing all the facilities needed for a comfortable and effective camp experience; spacious ensuite bedrooms, a dedicated nutritional team, laundry, games rooms, classrooms for evening activities and importantly direct piste access!

Sir Clive Woodward
Apex Director of Sport

Chris Thomson
Apex CEO
